

bear attack

→ lady bears band to compete

A driving force, the Lady Bears soccer team battled as one on the field. Solidarity and endurance were obvious to anyone who observed the team, and the Lady Bears received endless amounts of encouragement from their fellow peers in the stands. Their hard work in their season paid off in their 5-2 victory against the Dyersburg State Community College Lady Eagles. Sophomore forward Auset Gibbs contributed a pair of goals that helped claim the win. This win helped to motivate the girls to triumph through every game and dominate throughout the season.

The levels of determination and teamwork displayed by the Lady Bears resulted with the selection of players for the MACJC All-Star game. Forward Auset Gibbs, mid-fielder Allison Sherman, and mid-fielder Lesley Walker were all selected to participate in the annual MACJC All-Star game, taking Southwest's legacy even further towards success.
